A YEAR OF UNEXPECTED GROWTH

2020 PCM at a glance

With everything going on this past year it was a great surprise to see the amount of growth that we've had. Our students are resilient and God continues to provide for them every step of the way! We created an app for free for our students to have an all in one place they could connect with us virtually to see what was happening, sign up for events, as well as groups within the ministry. We've also incorporated a few challenges to keep things interesting. When we first began the fall 2020 semester we were able to meet outside for our Sunday evening services and they were absolutely incredible! We then had moved to doing things completely remote, which we were prepared for with the app and other online resources. We also held a study on Joy over the winter break which was absolutely amazing! This semester has been increasingly encouraging as we continue to see more and more new students and an increase of spiritual growth among those who attend regularly! We cannot thank you enough for your support over this past year! God has done some amazing things here at PCM and will continue to do so!

In His Service,
Brad Dayton

TIME OUT

Christian Fellowship

The first time I attended a Sunday Night Experience, I did not know what to expect. I was hoping to find a church service to go to occasionally. What I found was a group of amazing people who were passionate about Jesus and welcoming in every way. Through all the ups and downs of 2020, Protestant Campus Ministries has become my sanctuary to come together and glorify God with friends that have become more like my family. PCM has been a blessing, a comfort, and a motivator all in one, and I cannot wait to see what God has in store for 2021.

-Cole Weist, Sophomore

"Today, as we walk through the puddles of yesterday it's easy to complain about my feet getting wet, but somehow yesterday has been an encouragement from PCM to be grateful for the opportunity to get our feet wet. To find joy in the agonizing repetitiveness of days spent alone and behind screens. Life is always going to throw puddles on those sunny days and it's easy to get distracted and frustrated- but PCM has encouraged me and helped me encourage others that during those times is an opportunity to open our Bibles, and not just our mouths. God is good even when times are filled with those puddles because God made those same puddles to run, jump, and dance in the rain.

As I finished out the winter semester, I was left with a longing to discipline myself resolutely in God's Word. It led me to crack open my Bible and resolve to dig into every single day. I can proudly say that some days I step in the puddle again and I don't make time to read, but tomorrow is always an opportunity to make a splash."

-Ryan Thomas, Senior
